Appendix to Certificate No: 1045c Warrior Doors Limited

Issue: 01

Notes:

1. The minimum height of enclosures incorporating doorsets is 1.9 m.
2. The minimum width or depth of an enclosure incorporating a doorset is 0.7 m.
3. The doorsets are not designed to be fitted within the ceiling.
4. When the enclosure system being constructed does not incorporate a doorset the scope of approval covers the use of different infill types in both the upper and lower panels.
5. When the enclosure system being constructed incorporates a doorset the scope of approval covers the use of the same infill in both the upper and lower panels. That infill shall match that used in the compatible doorset incorporated into the system.
6. The enclosure system's resistance relies on the supporting substrate offering compatible resistance to manual attack.
